John Stephens
University of Georgia

Charles Ormsbee
Randolph-Macon College

Notes from the President

It is with pride that I present the first annual Membership Directory for the Collective of Campus Cable Operators and Administrators. I imagine that in several years we will look back on this document and reflect how we have grown in number and representation. I applaud our charter members for taking the initiative to join COCCOA and work to make this a vital organization in the area of Campus Cable Television. There is much work to be done around recognition by our academic and administrative colleagues, Federal governing agencies, and the Cable Industry itself. Vendors are beginning to realize us as potential customers and administrators are realizing our potential as a recreational and educational programming vehicle on campus. I look forward to working with all of you in creating a presence within Higher Education.
